

OUTDOOR BLINDS

love *Your Life* outdoors

**AUSTRALIAN
OUTDOOR LIVING**

live life
outdoors,
longer

Great Weather Protection

Don't let Mother Nature stop you from enjoying the outdoors! With the addition of our outdoor blinds you can add an extra living space to your home at a fraction of the cost of conventional renovations or 'building on'.

A 'Weld' of Difference

Our blinds are created exclusively using PVC heat welding technology. There's no stitching through plastic to rot, wear, leak or fail. Fully Australian owned and manufactured, our blinds will perform year after year in our harsh Australian environment.

Smooth Mechanics

Our blinds have no straps, unsightly pulleys, zips or ropes. They're a breeze to operate from the inside and outside with our unique operating systems. Choose from manual or remote operated with our Classic and Motion Series options.

OUTDOOR BLINDS BELLA FABRIC RANGE

Australian Outdoor Living is proud to offer a versatile range of Bella fabrics for you to choose from. These options allow you to achieve the results you are after – whether it be protection from wind and rain, or perhaps you're after a solution for the harsh summer sun. Whatever you're looking for, our Bella range will help you to love your life outdoors.

Bella Crystal & Bella Bronze
Clear & Tinted PVC/Cafe Option

Our Bella Crystal and Bella Bronze Outdoor Blinds are made from extruded PVC offering excellent optical clarity. If it weren't for all the enjoyable benefits they provide, you would hardly know they were there. For unrestricted views and outdoor comfort, the answer really is 'clear'.

Bella Vista
Shade Option

Our Bella Vista material used for our shade blinds is specifically designed with a unique weave that obstructs the view from the outside while allowing you to continue admiring your surroundings from the comfort of your enclosed outdoor area.

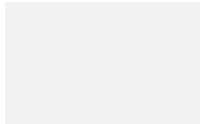

Bella Opaque
Shade Option

Our Bella Opaque range offers all the benefits of the Bella Vista... and more! More shade, more privacy and more protection. Bella Opaque Blinds make spending time outdoors all the more enjoyable.

Bella Crystal and Bella Bronze (Exclusive to the Classic Series)

Latte

OUTDOOR BLINDS SERIES

Installing Australian Outdoor Living outdoor blinds means you can get outdoors and enjoy the fresh air in comfort and style. Choose from our popular Classic Series or, better yet, you might opt for our deluxe Motion Series. Both are absolutely exclusive to Australian Outdoor Living and custom made in Australia, to fit your space, taste and budget.

Classic Series

Our Classic Series is our founding product. Since inception, it has been vastly popular with Australians around the country. Classic is a simple, manually operated system. This allows control of the tension of the blind so that it remains crisp and neat. Versatile in its application and available in the entire Bella fabric range, the Classic Series won't fail to impress.

Note: Bella Crystal & Bella Bronze options are exclusive to the Classic Series.

Smooth Mechanics

Gear Rolling Mechanism

Motion Series

The Motion Series brings a touch of elegance to our shade range. Designed in Italy, and internationally renowned, this system is exclusively available to Australian Outdoor Living and has been hand-picked to enhance our existing quality outdoor blinds offering. The Motion Series allows for complete coverage and environmental comfort control. The series boasts two different operation variations - both complementing the sleek Italian design – Manual Guide Track System and Motorised Guide Track System.

Manual Guide Track System

The Manual Guide Track System allows for the benefit of the Motion Design, without the electric component. This variation allows for a wider blind span and installations on stand-alone structures without power connection.

Motorised Guide Track System

The Motorised Guide Track System is the premium option for those wanting all the benefits of the Motion Series at the touch of a button. For a higher wind rating and the epitome in environmental comfort control our Motorised Guide Track System is the right choice.

Articulated Crank Rod

Over Tension Gearbox

Remote Operated

Clean Design With No Gaps
