Great Weather Protection

Don't let Mother Nature stop you and your customers from enjoying your outdoor area! Enjoy the fresh air in comfort by creating an 'outdoor room'. Add extra space to your operations at a fraction of the cost of conventional renovations or 'building on'.

Custom Designed For You

No matter your space or location, we have Outdoor Blinds to suit your property needs. Each location is different, therefore we will advise, create and quote a unique package that will work best for you, your customers and your business.

Creates Cool Shade

Our Bella Vista and Bella Opaque ranges help to create a shady escape from the harsh strength and harmful UV rays of the Australian sun. Embrace the summer seasons without feeling too much of the heat!

Quality Control

Our focus is to ensure complete customer satisfaction. Our rigorous quality control and attention to detail at each stage of the manufacture means that you can rest assured - you're getting the very best.

OPERATION & FABRIC OPTIONS

Maximise the potential of your outdoor area for your clients, customers or suppliers and watch business boom! Australian Outdoor Living's Outdoor Blind options will help your client-base to enjoy the fresh air in comfort and style. Choose from our popular Classic Series or, better yet, you might opt for our deluxe Motion Series.

Classic Series

Our Classic Series is our founding product. Since inception, it has been vastly popular with Australians around the country. Classic is a simple, manually operated system. This allows control of the tension of the blind so that it remains crisp and neat. Versatile in its application and available in the entire Bella fabric range, the Classic Series won't fail to impress.

Note: Bella Crystal & Bella Bronze options are exclusive to the Classic Series

Motion Series

The Motion Series brings a touch of elegance to the Bella Vista and Opaque offering. Our Motion System is a patented spring-loaded tension system, internationally renowned, and hand-picked by Australian Outdoor Living to enhance our existing quality outdoor blinds offering. In Australia, this system is exclusive to Australian Outdoor Living. This system will enhance your entertaining area at the touch of a button and leave visitors in awe.

Bella Crystal

Our Bella Crystal Outdoor Blinds offer excellent optical clarity. If it weren't for all the enjoyable benefits they provide, you would hardly know they were there. For unrestricted views and outdoor comfort, the answer is 'crystal clear'.

Bella Bronze

There is no need to sacrifice the enjoyment of your view when installing Bella Bronze Outdoor Blinds. These blinds allow you to enjoy all the benefits of our Bella Crystal Blinds with the addition of a higher UV protection rating, minimising the sun's glare.

Bella Vista

Our Bella Vista Shade Blind material is specifically designed with a unique weave that obstructs others view, while allowing you to continue admiring your surroundings.

Bella Opaque

Our Bella Vista Opaque range offers all the benefits of the Bella Vista Shade Blinds and more! More shade, more privacy and more protection. Bella Opaque Blinds make spending time outdoors exceedingly desirable.

Protection From Elements

Reducing wind, rain and sun makes for a more comfortable space. Perfect for protecting your customers from the elements and extending your outdoor season.

A Weld of Difference

Our blinds are created exclusively using PVC heat welding technology. There's no stitching through plastic to rot, wear, leak or fail. Fully Australian owned and manufactured, our blinds will perform year after year in our harsh Australian environment.

Customised Printing

Printing on our Outdoor Blinds is a visually interesting approach which has proven popular among businesses. This option allows you to capitalise on the opportunity for further promotion of your business/brand.

Clear, Crisp Views

Our range of Bella Crystal and Bella Bronze Blinds are perfect for an establishment with a view. The tension systems mean tight surfaces.

Smooth Mechanics

Our blinds have no straps, unsightly pulleys, zips or ropes. This means they're no hazard to young children getting caught up or playing with them. They're a breeze to operate with our unique operating systems. Choose from manual or motorised options.

Innovative Technology

We pride ourselves on being innovative and we're continually looking into new and improving manufacturing methods. We regularly invest in new machinery to ensure the best quality blinds for our customers to display.

Opened Or Closed

Having the flexibility to open and close your Outdoor Blinds creates a versatile space to suit your specific needs for your business and clients. Have them up on a nice, still day and enjoy the fresh air, or, wind down when the breeze/sun picks up.

Highly Durable

Our Outdoor Blinds are manufactured in Australia and therefore created to suit Australia's outdoor conditions. You can trust that your blinds are made from the best materials delivering a strong and durable product to be admired and appreciated year after year.

Product Review

Quality product and exceptional service

I recently had Bella Vista blinds installed in my outdoor alfresco area by Australian Outdoor Living in the ACT. I am thrilled with the blinds. Quite apart from the quality and beauty of this product, I was particularly impressed with the professional customer service I received throughout the installation process. Australian Outdoor Living had my blinds ordered and installed in a very short time. I've had dealings with many building and renovation companies over the last two years and it was refreshing to do business with a company that clearly takes pride in its product and customer service. Thank you to the staff at the ACT Branch of Australian Outdoor Living.

Perfect Installation

I decided to put patio blinds in to control the weather and stop the rain soaking everything. Australian Outdoor Living sent around their sales rep who had all the information and samples to show you how they work. He measured up and provided a quote on the spot. They then sent around another check measurer before ordering the blinds to be manufactured.

The blinds were delivered with out any trouble in 3 weeks and their installers came out to put a concrete anchor point in the ground 5 days before returning and installing the blinds. They then took us through the operation of the blinds. They were extremely proficient and courteous.

The entire experience was excellent from start to finish. I would recommend them as an excellent installer.

Product Review

Best decision I made all year.

From the sales person to the installer, to the office workers, to the manager - I am very impressed with the people and the service at Australian Outdoor Living. The shade blinds are attractive, practical, easy to use, and affordable. Would recommend in a heart beat.
