YOUR GUIDE TO **FIBREGLASS POOLS**

The Australian climate is perfect for making the most of outdoor life. There's nothing better than having friends and family come round to enjoy quality time together. Being able to gather around the pool is something everyone enjoys and our range of fibreglass pools make it easy and hassle-free to have one of your own.

Make going out for a morning swim a reality, and enjoy all the benefits of having a pool of your own - big, small, round, square... you name it! We will work with you to ensure your pool is the perfect fit for your home and family. Any type of pool is an investment but our beautiful fibreglass shells offer homeowners a particularly good return on their investment when it comes to increasing overall property values.

HOW WE HELP

No Fuss Installation

At Australian Outdoor Living, we boast hassle free pool installation in as little as 4 weeks from council approval. The actual installation can take as little as around 7-10 days.

No Hassle Council Approval

We submit all designs, drawings and permit applications on your behalf. This is undertaken immediately after you have approved your design, ensuring minimal delay.

Handover Kit Provided

Once your pool is completed, we provide you with an extensive handover kit that includes an owner's handbook, telescopic pole, vacuum head, hose, skimmer scoop, leaf rake, water test kit, training on equipment operation, a final pool clean, water test and balance.

WHY CHOOSE **AOL**?

Our pools are a vision of inspiration with many of our projects awarded for excellence in design and construction. We are dedicated to providing and installing fibreglass pools of the highest standard, and for this reason, we are proud members of the national Swimming Pool and Spa Association (SPASA).

Our fibreglass pools have a superior marine grade gel coat. This ultra-hard wearing surface is UV protected, fade resistant and reduces up to 99% of bacteria.

Our pools exceed Australian and world standards for thickness. We use a proven high-performance sandwich core with the highest strength to density ratio, making our fibreglass pools 50% stronger.

We offer a lifetime warranty on our pool shells.

CREATE YOUR OWN **VISION**

Families, homes and outdoor spaces come in all shapes and sizes, which is why we offer such an extensive range of fibreglass pool options. Whatever your unique vision is, Australian Outdoor Living can bring your outdoor dream to life. The wide variety of design options available truly means our team will be able to turn your dreams into reality. Our experts will help you from the very beginning of the process; giving you all the information to support you in choosing the right pool to fit your needs.

Once you have fallen in love with your design we can also organise and coordinate other requirements such as any landscaping, paving and fencing. This is all part of the extensive start-to-finish service we pride ourselves on. Once you do decide to buy a pool from us, we then look after every aspect right to the end. This means we won't stop until you're entirely happy with the finished product, throughout both the design and construction stages.

THE INSTALLATION **PROCESS**

1. After obtaining council approval, we will contact you to arrange a convenient time to begin the build process.
2. The measurements of the pool are checked, and the excavation process begins.
3. The base of the pool is levelled, ready for the pool shell to be placed into position.
4. The crane is positioned and the pool is carefully lifted and lowered into place.
5. Plumbing, filters and lights are all connected, and the process of back filling the pool begins.
6. The concrete bond beam is prepared and poured. The coping pavers are installed and your swimming pool water is balanced so it's ready for fitness, relaxation or fun with family and friends.

SPOILT FOR CHOICE

Qualified Tradespeople

All Australian Outdoor Living installers are fully qualified tradespeople. You'll be without worry, knowing your project is in safe hands - being completed by professionals, and strictly to Australian standards. Furthermore, all work is carefully overseen by a dedicated Project Manager.

Elegant Pool Lighting

Create backyard ambience with LED pool lighting and enhance your outdoor pool area. With so many colour and size options, you can completely transform your environment to suit your mood, creating a paradise that extends far beyond your pool.

Mineral Water System

MagnaPool® is a wonderful alternative to salt or chlorinated water options for those seeking a pool that is gentle and rejuvenating with each and every swim. The minerals have healing properties and are exceptionally gentle on the skin, hair and eyes.

Heat & Filtration

When it comes to your choice of filtration varieties and heating systems, we can offer you several options and assess your preferences to come up with a solution which suits you perfectly.

Water Features & Infinity Edges

Water features are the perfect way to add a bit of extra personality to your pool and outdoor space. If you're interested in making a true statement, why not speak with our team to see what we can do for you?

Pool Coping

Whether or not you're wanting to create a more natural pool surrounding, or prefer a modern style, our large range of pavers are sure to help you create your very own personalised outdoor vision. We'll work with you to complement the existing colours and features of your home.
