

OUTDOOR BLINDS

love *Your Life* outdoors

**AUSTRALIAN
OUTDOOR LIVING**

live life
outdoors,
longer

Great Weather Protection

Don't let Mother Nature stop you from enjoying the outdoors! Add an extra living space to your home at a fraction of the cost of conventional renovations, or 'building on'.

A 'Weld' of Difference

Our blinds are created exclusively using PVC heat welding technology. There's no stitching through plastic to rot, wear, leak or fail. Fully Australian owned and manufactured, our blinds will perform year after year in our harsh Australian environment.

Entertain with Privacy

Live life outdoors without feeling as though you're being watched. Our Bella shade options offer varied levels of privacy so you can truly entertain in the comfort of your own backyard whilst not being restricted to life 'behind closed doors'.

Smooth Mechanics

Our blinds have no straps, unsightly pulleys, zips or ropes. They're a breeze to operate from the inside and outside with our unique operating systems. Choose from manual or remote operated with our Classic and Motion Series options.

OUTDOOR BLINDS SERIES

Installing Australian Outdoor Living outdoor blinds means you can get outdoors and enjoy the fresh air in comfort and style. Choose from our popular Classic Series or, better yet, you might opt for our deluxe Motion Series. Both absolutely exclusive to Australian Outdoor Living and custom made in Australia, to fit your space, taste and budget.

Classic Series

Our Classic Series is our founding product. Since inception, it has been vastly popular with Australians around the country. Classic is a simple, manually operated system. This allows control of the tension of the blind so that it remains crisp and neat. Versatile in its application and available in the entire Bella fabric range, the Classic Series won't fail to impress.

Note: Bella Crystal & Bella Bronze options are exclusive to the Classic Series.

Motion Series

The Motion Series brings a touch of elegance to the Bella Vista and Opaque offering. Motion is a patented spring-loaded tension system designed in Italy and is internationally renowned. This system has been hand-picked by Australian Outdoor Living to enhance our existing quality outdoor blinds offering. In Australia, this system is exclusive to Australian Outdoor Living. This remote-operated system will enhance your entertaining area at the touch of a button and leave visitors in awe.

OUTDOOR BLINDS BELLA FABRIC RANGE

Australian Outdoor Living is proud to offer a versatile range of Bella fabrics for you to choose from. These options allow you to achieve the results you are after – whether it be protection from wind and rain, or perhaps you're after a solution for the harsh summer sun. Whatever you're looking for, our Bella range will help you to love your life outdoors.

Bella Crystal Bella Bronze

Clear & Tinted PVC / Cafe Option

There is no need to sacrifice the enjoyment of your view when installing these Bella Blinds. These blinds allow you to enjoy all the benefits of Bella Crystal blinds with the addition of a higher UV protection rating, minimising the sun's glare.

Bella Vista

Shade Option

Our Bella Vista material is specifically designed with a unique weave that obstructs other's view while allowing you to continue admiring your surroundings.

Bella Opaque

Shade Option

Our Bella Opaque range offers all the benefits of the Bella Vista... and more! More shade, more privacy and more protection. Bella Opaque Blinds make spending time outdoors exceedingly desirable.
