TYPES OF OUTDOOR BLINDS | CAFE BLINDS

One of the choices available for the outdoor space in your home is a café blind, which can either be clear or tinted.

Our café blinds are designed to fit in with existing styles of a property and can even add value with our professional finishes. For those of you that look to enjoy your outdoor spaces year round, our café blinds, bistro blinds and patio blinds are ideal.

All of our blinds are manufactured in Australia from superb quality materials, making them highly durable. Choosing tinted café blinds adds additional relief from the glare of the sun in a bid to keep your living space cool while adding a touch of glamour.
