### Carports

Carports provide essential protection for cars, bikes and caravans against the harsh Australian elements. With a carefully planned timber or steel carport - including a vast array of materials, colours and finishes to choose from - we can help you make the right choice to suit your needs, your home and your surroundings.

### Decking

## OUR TIMBER & STEEL STRUCTURES

*By offering both timber and steel alternatives, Australian Outdoor Living can help to achieve the desired look without any compromise. Perhaps a steel pergola and dark timber deck is the dream design? We can help! Our designers are experienced and knowledgeable on both options and can help you to decide on the best option.*

### Timber Structure

There's nothing like the beauty and warmth of timber, outdoors. The versatility of timber allows it to perfectly complement modern or more traditional style homes.

All our timbers are sourced in the most environmentally conscious way possible. Our durable and beautiful hard woods are sourced from managed forests, while our treated pine is plantation grown.
