OUTDOOR LIVING**

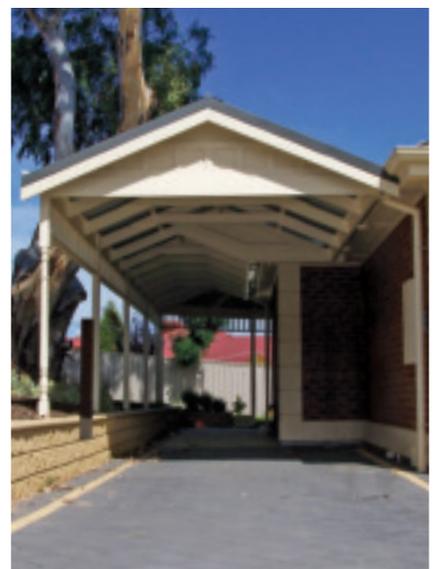

## YOUR GUIDE TO **CARPORTS**

Australian Outdoor Living is the market leader in outdoor living solutions that help Australians to make the most of their outdoor space. Let us help you create the perfect carport for both you and your home!

Not only are carports ideal for keeping your vehicles and 'precious cargo' safe and sound, they are a simple yet effective way of enhancing your home's curb appeal. Our carports are custom designed to suit your requirements and the existing colours and features of your home and landscape.

All Australian Outdoor Living carports, both steel and timber, are built to last with the highest quality materials. Have peace of mind knowing your vehicles and valuables are protected from the elements and will be for many years.

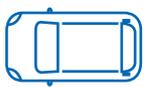

## THINGS TO CONSIDER **CARPORTS**

Concerned about council approval? There's no need to worry. We look after the entire process from start to finish... and with our fixed price building agreement, there won't be any unwelcome surprises along the way!

Why not give Australian Outdoor Living a call for a free, no obligation measure and quote. We would love to chat with you about your needs and ideas regarding the creation of a carport that will suit you, your home and your budget.

The addition of a new carport requires creative designs, technical drawings and council approvals. Of course it is important too, that the builders are qualified, their work is structurally sound and they take pride in their work - ensuing a beautiful finished product.

### Protect Your Car

The harsh Australian sun is notorious for wreaking havoc with vehicle paintwork. Protect your car from UV rays, damaging storms, hail, trees and even wildlife with a custom designed carport from Australian Outdoor Living.

### Details and Trim

With both timber and steel options available, we work alongside you to create a structure that complements the existing features of your home. Does your home have distinctive character? We can replicate these features to ensure the design of your new carport matches the original architecture of your home.

### Fully Qualified Tradespeople

We take pride in our work. It's the reason we only employ fully licensed and qualified trades people, trialled and tested to be a part of our enthusiastic team. We believe there is absolutely no compromise for quality, hence why we ensure our work is of the highest possible craftsmanship and construction standards.
